

Mobile Spot Cooler

One of our most popular spot-coolers, the VKM is extremely easy to move. With a 1/2 HP totally enclosed motor, this fan provides 11,000 CFM's of cooling effect. The rugged white polyethylene housing looks great and cleans easily, making it the perfect cooling fan for many environments. The spot cooler is a great tool for contractors in drying paint and drywall.

Model #	Fan Size	HP	CFM	RPM	Size	Width	Shipping Weight
VS36VKM	36"	1/2	11,000 high	840	37 1/2" OD	20"	85 lbs.
VS36VKM-2	36"	1/2	9,490 high 6,585 low	569/380	37 1/2" OD	25 1/4"	105 lbs.
VS42VKM-2	42"	3/4	18,600 high	470/315	43 1/2"	27 1/2"	130 lbs.

Portable Misting Fan

VersaMist™

Heat can cause health problems, fatigue, lower morale and decrease productivity. Fans with misters are one of the best ways to minimize heat stress. The VersaMist™ combines our industrial quality patented fan and misting system. It cools a 180 sq. ft. area for about 5 hours per fill.

REDUCES AIR TEMPERATURE UP TO 35°F

Model #	Part	Amps	Volts	Watts	PSI	Shipping Weight
PVM12	Fan & Base	1.6	115	184	60	26 lbs.

CC12	Tote Bag	Durable polyester with vinyl backing and tempered hardboard bottom	6 lbs.

Portable Fog Fan

VersaFog™
SCHAEFER
Industrial Equipment

New!

Our most powerful cooling fan the VersaFog produces a high pressure cooling fog. Our industrial-quality 36" oscillating fan distributes the cool air up to 65'.

REDUCES AIR TEMPERATURE UP TO 35°F

Features:

- Auto drain valve reduces nozzle clogging
- Brass & stainless steel nozzles and fixtures
- Easy attachable 12 nozzle misting ring
- High quality pump designed to withstand many years of use
- Fan oscillates for wide coverage range
- Low pressure shut-off. (Will protect pump if water is shut-off)
