

Portable Evaporative Cooler

WAYCOOL®

Patented

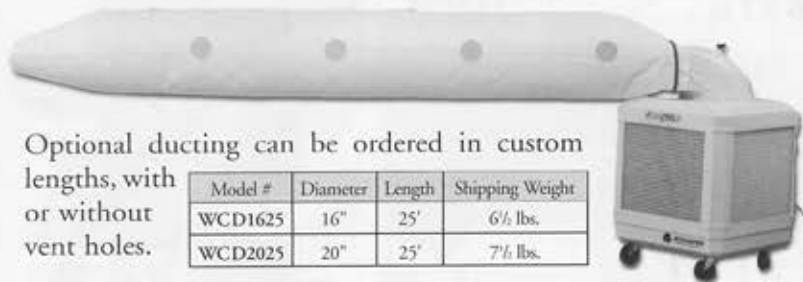

The best portable evaporative cooler available!

The WayCool® patented design dramatically outperforms all other portable evaporative coolers, with greater cool air output, smaller size, lower cost and its good looks.

WAYCOOL® REDUCES AIR TEMPERATURE UP TO 20°F.

Model #	HP	Voltage	Air Velocity	Base	Height	Discharge Opening	Water Capacity	Shipping Weight
WC-1HP	1	115	55 mph	33 x 33	52 inches	9 x 18	24 gallon	155 lbs.
WC-1/3HP	1/3	115	45 mph	25 x 25	42 inches	8 x 15	14 gallon	65 lbs.

Optional ducting can be ordered in custom lengths, with or without vent holes.

Model #	Diameter	Length	Shipping Weight
WCD1625	16"	25'	6½ lbs.
WCD2025	20"	25'	7½ lbs.

- U.L. approved, two-speed centrifugal blower for quiet operation that blows cool air up to 100 feet.
- High efficiency cooling pads on all 4 sides for maximum efficiency.
- High impact ABS Plastic with UV protection.
- Six-position switch for high or low speeds, with or without evaporation.
- Low operation costs – less than 50 cents a day.
- Minimal maintenance required.
- Heavy-duty casters for easy movement.
- Auto hose fill or self-contained tank for stand-alone operation.

Tampa Bay Buccaneer's Head Trainer Todd Toriscelli. The team has eight WayCool® units to battle the hot, humid conditions of southern Florida. WayCool® is an ideal rental for any sporting event in your community.

Cool relief in places where air conditioning will never be practical. Use WayCool® as a unique lead item to increase rentals and to introduce your business to new commercial / industrial accounts.

With a WayCool®, outdoor dining and special events suddenly become practical during hot summer weather. WayCool® is ideal for special event and tent rentals.

Our advanced cooling pads use a unique design that create maximum surface area for optimum heat and moisture transfer. Special coatings give the pads long life and self cleaning properties.
